September 9, 2021

Dear Seventh Grade Parents,

Sauganash administration and the Seventh Grade team would like to provide parents with a snapshot of “A Day as a Sauganash 7th Grader.”

8:00 - 8:10 am - School arrival and morning announcements.

8:10 - 9:10 am- Social Science with integrated Writing (Mr. Lundak) or Math (Mrs. French & Mrs. Ocasio)

- In 7th grade Social Science/ Writing students will investigate, analyze and understand the historical concepts of US history ranging from Early Explorers of the New World through the Civil War. Integrated into Social Science, students will use the writing process to craft historical fiction, poetry, argumentative essays and other writing pertaining to the historical content.
- In 7th grade Mathematics, students will study Pre-Algebra. They will learn how to use the tools of Algebra to solve real life word problems. They will apply all operations that include addition, subtraction, multiplication, and division, with integers and real numbers. They will apply their knowledge of the Real Number System to solve single and multi-step algebraic equations and inequalities. They will work with ratios, proportions, and similar figures. Geometry, Statistics, and Probability are practiced each day through daily problems.

9:10-10:10 am- Social Science with integrated Writing (Mr. Lundak) or Math (Mrs. French)

Same course of study, although students will switch classes between Social Science and Math.

10:10-11:00 am- Lunch/ Recess

11:00 am - 12:00 pm- Science (Ms. Trainer) or Reading (Ms. Murphy)

- Students will be engaging with integrated science, covering different concepts in Earth/Space, Life, and Physical Science. Chemical Reactions, Matter Transformations and Energy; Metabolic Reactions; Matter Cycling & Photosynthesis; Ecosystem Dynamics; and Natural Resources & Human Impact. Students will be working individually, within groups, and will be using different types of technology throughout the year.
- In 7th grade, students will engage in novel studies. They will deepen their ability to analyze novels, poetry, and informational texts they read using evidence to support the analysis. They will examine texts more closely using details from the text in order to develop ideas, make inferences, and analyze the relationships between elements within one text and across multiple texts.

12:00 - 1:00 pm - Science (Ms. Trainer) or Reading (Ms. Murphy & Mrs. Ocasio)

Same course of study, although students will switch classes between Science and Reading.

1:00 - 2:00 pm - Second Step (Social Emotional Learning), Advisory and Homeroom, and content course extensions

2:00 - 2:55 pm - Special Periods- students rotate daily between

- PE/Health- twice a week
- Spanish
- STEM
- Art

2:55- Dismissal
