Dear First Grade Parents,

Sauganash administration and the first grade team would like to provide parents with a snapshot of “A day as a First Grader.” We are very excited to be back in person and look forward to the school year!

Our day is filled with lessons that are differentiated to each child’s individual capabilities and needs while in small group instruction. We have learned, throughout our years of teaching, that the success of every student cannot be attained without the teacher and parent, working together as a team. As a first grade team it is our goal to provide the best possible learning experience for your children, so we thank you in advance and look forward to working together.
