

# **Olweus Bullying Prevention Program**

The teachers, staff and students at Sauganash Elementary have adopted the research-based Olweus anti-bullying program in order to identify and eradicate bullying on our school campus. We believe that by teaching our students the signs of bullying and the appropriate responses to being bullied, we can help to better prepare them for their future.

## *What Is the Olweus Bullying Prevention Program?*

The *Olweus Bullying Prevention Program (OBPP)* is the most researched and best-known bullying prevention program available today. With over thirty-five years of research and successful implementation all over the world, *OBPP* is a whole school program that has been proven to prevent or reduce bullying throughout a school setting. Your child's school will be using the Olweus Bullying Prevention Program. This research-based program reduces bullying in schools. It also helps to make school a safer, more positive place where students can learn. Although this program takes place at school, we need your help too. You can talk about bullying and our school's anti-bullying rules at home with your child. We want to work with you to prevent and stop bullying from happening in our school. [Parent Pamphlet](#)
