

Dear Parents,

We know you have choices this summer, and we thought we'd share some reasons why Right At School Summer Camp is different from other offerings.

## Why Right At School?

**It's Familiar:** Our summer camp program operates in the same familiar space, with the same familiar faces of our phenomenal educators, and with the same set of rules and expectations as our school-year programs. Your child can feel confident in the familiarity of our program, while participating in entirely new curriculum and highly engaging summer fun! While many of the kids attending camp will be coming from our Right Club program, camp is open to all kids, providing great opportunities for new friendships that extend beyond their school. Even if your child is new to the program, our counselors are warm, engaging, and welcoming, and your child will feel at home in no time.

**Highly-Qualified Counselors:** Our camp counselors are all site managers and educators in our current programs, who have applied and qualified for the highly coveted camp counselor position. Our counselors receive year-round professional development and training, and are truly passionate about working with children. Best of all, our camp counselors may already be familiar to your child! The personal relationships that form between our counselors and your children play a key role in establishing that unique feeling of community in our programs.

**We Are Flexible:** We know summers are busy and that plans change. We offer the flexibility of being able to sign up for only the weeks that you need, adding weeks as needed throughout the summer! In addition, we offer a daily drop-in option.

**Pay As You Go:** Registration is FREE, there are NO hidden fees or service charges, and you can pay as you go! You will only pay a \$30 non-refundable transportation fee upon enrolling. There's no need to pay for the whole summer at once! Each week thereafter will be billed each Sunday.

**Indoor And Outdoor Fun:** We have some really fantastic theme-based programming in the works for this summer! We will keep your kids moving with active sports curriculum, weekly field trips, water games, swimming, park play, picnics, and much much more. We will balance outdoor fun in the summer sun with quieter, indoor activities, such as participation in the Chicago Public Library's Summer Learning Challenge and creating Process Art: art focused on the process, not the product. Our weekly field trips are sure to please: the Chicago Botanic Gardens, Millennium Park, the Adler Planetarium, Chicago Children's Museum, Go Bananas, and the public library, just to name a few!

We know you may be unsure of summer plans just yet. If that's the case, we encourage you to sign up for at least the first week to secure your spot, and add weeks as you need them. This also helps us to plan our camp numbers and staff for the summer. Registration is open now! [View camp information and register at rightatschool.com](http://rightatschool.com).

We can't wait to share a summer of fun with your children!

The Sauganash Right At School Team
