8th Grade Student Information:

Selective Enrollment High Schools (SEHS) Test Seats

The office of Access & Enrollment will be posting a small number of additional SEHS test seats today. We are emailing families today who have submitted an application but have not yet scheduled the exam to let them know that they can log in to their accounts and schedule an exam. We will again reach out to families and schools to inform them when this is done.

SEHS Test for November 14, 2020

We are emailing a reminder email this week for students who are taking the SEHS test on Saturday, November 14th. The email will contain information about health and safety protocols, the door that students should enter, and related information regarding the test day. Note that, due to capacity restrictions related to social distancing requirements, SEHS tests can only be rescheduled in cases of illness or other extenuating circumstances.

7th Grade Student Information:

Winter 2020 NWEA MAP

When the timeline and process for the Winter 2020 NWEA MAP have been finalized, this information will be shared with schools and families.
