Thank you to our parents that attended this morning's 9am session to review our upcoming hybrid learning transition. Our teachers and staff worked super hard over the past three days to prepare for Monday's transition and make it as smooth as possible. The collaboration has been inspiring and further boosted our confidence levels when it comes to continuing to provide high quality learning for our students. We attached the slide and morning recording below.

We appreciate our K-6 students getting through their first asynchronous Wednesday afternoon and will continue to look for growth areas with this new component. Have a great Thursday & Friday! Our normal Friday newsletter will be sent out with more information, in the meantime please do not hesitate to reach out to your child's teacher or administration!
