REMOTE LEARNING PLANS

Hello Sauganash Families,

As I am sure you read from the CPS communication this past week that each school would be releasing Remote Learning Plans. Below you will find each grade levels Remote Learning Plan. These plans were put together by the teacher teams to give comprehensive weekly & daily schedules to clarify instructional expectations. The consistency of these plans will also help you...the parents, have consistency among your children and help support their at home learning. The plan will show the schedule for the first 2 weeks (4/13-4/17 & 4/20-4/24) and then be updated as the closure continues. Up to this, your partnership has been outstanding and we could not be more appreciative with how this whole process has looked at Sauganash School!

We want to wish everyone a safe and enjoyable spring break and please look at your student's remote learning plans as we resume instruction on April 13th. We miss you all and cannot wait to get back to normalcy and see our great school community able to physically interact once again.

Mrs. Munns & Mr. Kennedy

ATTENTION 8th GRADERS:

Congratulations on receiving your high school information last Friday through the GoCPS platform. So many of our great class of 2020

are headed to some of best high schools in the area after their hard work over many many years within the walls of Sauganash School. We couldn't be more proud of your futures and are here for you as you take the next steps!

- **March 27: Round 1 application results released**
- **April 22: Deadline to accept or decline offers***
- **April 27: Waitlist process opens**

Sauganash School Virtual Book Fair

We are very excited to announce that the school closure will not stop us from having a spring book fair. This one will be unique with it being entirely online, but still a

great way to get some new reading material during these times. The online book fair will run from April 13 - April 26th! Stay tuned for details regarding linking to our Sauganash Scholastic page! A huge thanks to Tracy Mayer for once again coordinating this and giving us a great opportunity to continue reading. #TeamSauganash #SauganashSuccess

Chicago Public Schools Communication

April 3, 2020

Dear CPS Family,

As we wrap up this week, we want to thank you for your strength and resilience. It has been encouraging to see the different ways our CPS family is supporting each other, and we hope you find this video as heartwarming as we do.

Although this is far from a typical school year, our district's scheduled spring break is next week. We hope our families, teachers, and principals can use this time to rest and recover. Together, we are going to flip the switch on remote learning for the third largest school district in America in a matter of weeks—not years. Even in normal times, this would be a monumental effort. We encourage everyone to use spring break to catch their breath, and we will restart school virtually on April 13.

We have several important reminders and updates to share with you before break begins.

We've developed several resources to help you prepare for remote learning. **Our schools have been working hard to design remote learning plans that will provide our students with high-quality learning opportunities after spring break and through the remainder of the state-mandated closure. For more information about remote learning and enrichment activities, please visit cps.edu/remoteflearning.**

As part of the district's effort to make remote learning accessible for students in need, schools will be distributing more than 100,000 devices so students are able to take part in learning activities at home. These devices include 65,000 school-based Chromebooks, laptops and iPads; 37,000 new devices; and additional devices through potential philanthropic contributions. Schools will be coordinating this effort with their respective school communities. We also developed this guide for families who wish to learn about different options for getting connected to the internet for remote learning.

Grab-and-Go meal sites have changed to better serve our communities. **To provide our families with the most consistent services while picking up grab-and-go meals during the closure and to better support school staff, food distribution sites will be changing. During spring break, families may pick up grab-and-go meals at more than 130 school sites across the city from Monday–Thursday, 9 a.m.–1 p.m.** Meal sites will not be open on Friday, April 10 to give our staff members off for Good Friday, and we ask families to plan accordingly.

Beginning the following week, Monday, April 13, more than 270 schools that have been high demand distribution sites for families will be open to provide free meals. Find the meal site closest to you at cps.edu/mealsites. Safe Passage routes will no longer be active while schools are closed.

Since the beginning of school closures, our Safe Passage workers have played an important and valuable role in supporting families as they access grab-and-go meals. Under the redesigned meal distribution plan, our families will be picking up meals along different routes that do not match up with our standard Safe Passage routes. Because of this change, Safe Passage workers will no longer be stationed on their usual routes. However, as part of our commitment to our staff, Safe Passage workers will continue to be paid. While schools remain closed, the district will partner with Safe Passage to identify other opportunities for workers to support families.

Filling out the Census is important to ensure our district gets the resources we need. **We encourage you to take some time over the next week to fill out the U.S. Census.** Data from the Census helps ensure our city gets enough resources from the federal government. The more households fill out the Census, the more funding we will get to help invest in our schools and neighborhoods. You can fill out the Census online, by phone, or by mail. Please note that the Census does not ask for your immigration or citizenship status, and every response is confidential.

CPS stands with each and every one of you, and we will do whatever we can to help our school communities through this time.

Sincerely,

Janice K. Jackson, EdD
