*Sauganash School is ready - we'll see you in ....*

Nine days and counting!! We are very excited to get our students in the building on August 30th and start our learning for the 2021-22 school year.

We know some families were out of town and unable to attend. We posted the class lists on the cafeteria windows so you can stop by at your earliest convenience to view those.

We will hold two additional "organization days" on Aug 23/24th from 10am-12:00pm in case you were unable to attend. Please see for more details below. Lastly, we will be holding a parent information session via Google Meet next week (Monday 8/23 @ 12pm) to make sure we can answer any and all questions. This session will be a quick presentation and Q&A, we will record it and post it shortly after.

## CPS Latest Communication

August 14, 2021

Dear Colleagues, Families, and Supporters,

Our first day of school—Monday, August 30—is just over two weeks away, and I know that students, staff, and families often feel a range of emotions this time of year. Sadness that the summer is coming to an end, excitement to see friends at school, and this year in particular, maybe some nervousness about what the new school year will look like. I invite you to read the [personal reflection](#) I shared earlier this week on this mix of emotions leading up to the start of school.

CPS is committed to providing you with the latest health and safety protocols as the new school year approaches, and today I would like to update you on our plans for COVID-19 testing and vaccination:

- All students will be offered weekly COVID-19 testing, regardless of vaccination status, beginning the first week of school. This weekly testing program will remain in place for all

students as long as Chicago is experiencing moderate, substantial, or high rates of community transmission.

- Weekly COVID-19 testing is also being offered to all staff regardless of community transmission.
- To reduce the spread of COVID-19 within our school communities, CPS is now requiring employees to be fully vaccinated. Employees may request an exemption from this requirement if they have documentation showing a medical reason or a sincerely held religious belief that prohibits vaccination. Employees with an approved exemption will be required to submit to weekly Covid-19 tests.

The district is hosting several community events over the next couple of weeks to get students and families excited, engaged, and informed about the upcoming school year. Please consider attending our remaining [Back-to-School Bashes](#) and [town hall meetings](#) to get your questions answered so that you and your family are prepared to start the school year strong on Monday, August 30.

Sincerely,

José M. Torres, PhD  
Interim Chief Executive Officer
