Two Quick Things:

Please make sure your students are coming to school with masks and ready to put them on as they enter the building.

There have been some delays in the food service delivery which has changed some of the menu items. For Friday's menu there may not be enough pizza for all lunch periods; therefore, replacements of beef strips & meatballs on French bread.

We are very excited for our curriculum nights. This is a great kickoff to the school year, where parents get an in-depth look into their child's educational experience. We have worked hard over the previous 3-5 years to vertically align our curriculum to best serve our students. In doing so, each grade level teacher/subject completed an updated curriculum map to give you a snapshot or blueprint into your child's school year in each of their respective classes. Additionally, we created a "Day in the Life" letter to provide you with a picture into what your child's school day looks like. Both the [curriculum maps & letters can be found on the website.](#)

We are exciting for you to connect with our teachers and staff tomorrow night, please find the below virtual links to access each

session!! All session presentations will be recorded and posted after the fact in case anyone was unable to attend.

### Specials Schedules

We are thrilled that we were able to reconfigure our specials schedules to make the learning more impactful. The specials teachers get to see the students multiple times a week and we increased PE minutes. We understand that these schedules are confusing at first glance, but after we get into our routine these are going to be great ways to build on our units. Some grades specials will rotate quarterly.

#### Master Schedule

8-9am (3/4th Special)

9-10am (1st/2nd Special)

10-11am Kindergarten Special

12-1pm (5/6th Special)

2-3pm (7/8th Special)
