### Ms. Raich Farewell

Dear Sauganash Parents, Students and Community:

As you have learned, funding for my position as Assistant Principal of Sauganash School was cut last month. At first I was devastated about losing my position and the prospect of leaving behind a community I have grown to love hit me very hard. I was lucky enough to be offered an Associate Principal of Student Services position in the North Shore School

District 112. I am excited about this opportunity and the new challenges that will come with it. However, it has been difficult leaving such a wonderful community.

I want to thank all of you for your support and confidence in me throughout the past 16 years I have been at Sauganash School. Parents being involved in their child's life lead them to more opportunities for success. You have demonstrated that education is a joint venture between the school and home. I will miss working with such strong and dedicated staff who works tirelessly to provide a high quality education for your children. I will undoubtedly miss the students the most. I know that I am blessed to have been given the opportunity to watch 16 years of students grow up into amazing young people. I treasure my memories of them all.

Warm regards,

Ms. Melissa Raich

## NEW Assistant Principal

We are thrilled to announce, Mr. Sean Kennedy will be our new Assistant Principal at Sauganash School. Mr. Kennedy has been on the Sauganash Staff for six years as one of our special education teachers, and has transformed our after school sports program as the Athletic Director. Sauganash Staff is excited about this decision and have already had a successful week of professional development working with Mr. Kennedy.

I was given the opportunity to request the Budget Department for additional funds with support from our Network Chief. Thankfully in late August we received confirmation for additional funds to reinstate an assistant principal to support our growing school of over 600 students. Thankfully my voice was heard and we were given enough funding to support the AP position and secure the primary position we were short the funds for the full position. I thank the support of our parents, staff, Local School Council and Network Chief in helping me make this happen.

We will have additional information of our school vision, budget, Sauganash Staff and student curriculum on Parent Orientation Night, September 12 beginning at 5:30 p.m. This evening is mandatory for parents to attend without children; please plan to attend this very informative meeting.
